

Georgia Department of Education  
2021 Four-Year Graduation Rate  
All Students

During the 2020-2021 school year, the United States Department of Agriculture provided School Food Authorities operating the National School Breakfast and Lunch Programs waiver flexibilities to offer school meals to all students at no cost. As a result, the response rate for Free and Reduced Meal Applications may show a decrease in submissions that resulted in a lower rate of economically-identified students where school meal applications are utilized for this purpose. Thus, the ED (Economically Disadvantaged) subgroup may not be comparable to previous years.

Georgia Department of Education  
2021 Four-Year Graduation Rate by Subgroup

During the 2020-2021 school year, the United States Department of Agriculture provided School Food Authorities operating the National School Breakfast and Lunch Programs waiver flexibilities to offer school meals to all students at no cost. As a result, the response rate for Free and Reduced Meal Applications may show a decrease in submissions that resulted in a lower rate of economically-identified students where school meal applications are utilized for this purpose. Thus, the ED (Economically Disadvantaged) subgroup may not be comparable to previous years.
